

PHYSICAL THERAPIST — Position Available

We are a leading independent physical therapy clinic in Northeast Wisconsin with a long-standing reputation for the best outcomes in the Fox Valley...and beyond.

A Team That's Like Family. The success of our patients is a direct result of the success of our PTs and our staff spirit. It is our shared passion for the pursuit of wellbeing, learning and excellence in a friendly, family-like environment that sets us apart. Genuine care, patience, and understanding takes us beyond symptomatic treatment. We strive to address the root cause of a patient's challenge for real and lasting change in their lives. What might sound old-fashioned is what puts us at the leading edge of a new generation in healthcare.

STELLAR OUTCOMES | SERVING THE FOX VALLEY - 20 YEARS STRONG 5-STAR GOOGLE RATINGS | 100+ REVIEWS - MORE THAN ANY OTHER!

Professional Pursuit. We offer a unique alternative to positions within larger healthcare corporations and franchise clinics. At PEAK, our PTs have freedom to flourish through the pursuit of individual passions and specialties. As opposed to a prescribed residency, our continuing education and professional development opportunities are organic and boundless. We believe in learning, not only from each other, but through unfiltered engagement with veteran leaders and emerging pioneers in our field.

The PEAK Principle. Providing the best care for our patients is rooted in some basic principles. Compassion, respect, understanding, pursuit of excellence, and the joy of rehabilitation and wellbeing for all.

Qualifications.

- Bachelor's degree from accredited school of physical therapy
- License to practice as a physical therapist in the State of Wisconsin
- American Heart Association Basic Life Support (BLS)
- Basic Life Support (BLS) from American Heart Association within 60 days of hire.
- Passionate, self-motivated, team-spirited. Natural disposition for treating others with consideration, dignity, and respect.

Physical Requirements.

- Ability to freely stand, stoop, walk, bend, push, pull, and lift up to fifty (50) pounds without assistance
- Maybe be exposed to blood borne pathogens (blood or bodily fluids) while performing job duties

Summary.

Diagnosis and treatment of patients with conditions that limit ability to move and perform functional activities in daily life. Services are centered on the unique and individual needs of each patient according to the plan of care, using treatment techniques to promote the ability to move, reduce pain, restore function, and/or prevent disability.

Key Accountabilities.

- Best practices and accountability in the safe and effective assessment, development, and implementation of the patient's therapy plan. Consult and coordinate with other providers to achieve best continuum of care for the patient.
- Active contribution to the development of PEAK standards of care, best practice patterns, protocols, and procedures using evidence-based methodology to help further the evolution of best care.
- Promote positive and rewarding relationships with referral sources and within our community to enhance overall quality of care culture within our community.
- Individual professional development and mentorship to support the team's success
- Patients and family first through facilitating positive experiences.
- Enjoy yourself and maintain a happy, healthy and rewarding balance in life.
